gorilla

Statuette
by Kai Linke

Beating his chest as the biggest member of the statuette family enters the enigmatic gorilla. Bold in size and stature, his handmade form presents a delicacy that defies the solid bronze production. Paper and tape has been used to bring his stature to life, resulting in a character that is ready to be the centre of your tableescape.

chouchou

Tables
by Lorenzo Zanovello

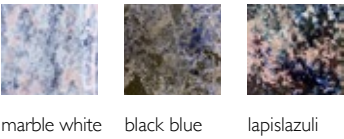

The new members of the family, the chouchou side and coffee tables feature elongated arches and solid tops on which to rest life's objects. Rough edges and uneven lines are testament to a hands-on approach to production. Finish in either a mottled glaze to highlight these imperfections or a gloss multi-coloured finish to contrast, a unique ceramic form is exposed.
